

**Islamic University in Najaf - Faculty Of Dentistry
Quality Assurance and Academic Accreditation unit**

Course Description

Department of prosthodontics

2024

Course Description Form

1. Course Name:	
periodontics	
2. Course Code:	
3. Semester / Year:	
5th year	
4. Description Preparation Date:	
16-4-2024	
5. Available Attendance Forms:	
Available	
6. Number of Credit Hours (Total) / Number of Units (Total)	
Theoretical 1 clinical 3	
7. Course administrator's name (mention all, if more than one)	
Name: Dhyaa Herz Aldeen Email:	
8. Course Objectives	
Course Objectives	<ul style="list-style-type: none"> Graduating students who are able to treat gum disease, clean the teeth and their surroundings, and perform minor operations related to the gums Enabling students to obtain knowledge and understanding of diseases and surgery around the teeth, extensive knowledge of the basic sciences of periodontal medicine, and students' knowledge of all health education methods to prevent periodontal and periodontal
9. Teaching and Learning Strategies	
Strategy	1- Quizzes. 2- 1st course theory 3- 1st course practical 4.clinical evaluation 5-1 st course exam 6- 2nd course theory 7- 2nd course practical 8- Final exam practical, clinically 9- Final exam theory Teaching and Learning Methods Theoretical lecture (Power Point)
10. Course Structure	

Week	Hours	Required Learning Outcomes	Unit or subject name	Learning method	Evaluation method
1	2	Periodontal examination and diagnosis - Overall appraisal of the patient - Medical history - Dental history - Photographic documentation - Clinical Examination - Probing force and angulation - Periodontal examination - Radiographic	Periodontology	power point	quiz
2, 3	4	Periodontal examination and diagnosis - Overall appraisal of the patient - Medical history - Dental history - Photographic documentation - Clinical Examination - Probing force and angulation - Periodontal examination - Radiographic	Periodontology	power point	quiz

4, 5, 6	6	Periodontal examination and diagnosis - Overall appraisal of the patient - Medical history - Dental history - Photographic documentation - Clinical Examination - Probing force and angulation - Periodontal examination - Radiographic	Periodontology	power point	quiz
7	2	Periodontal examination and diagnosis - Overall appraisal of the patient - Medical history - Dental history - Photographic documentation - Clinical Examination - Probing force and angulation - Periodontal examination - Radiographic	Periodontology	power point	quiz

8	2	Periodontal examination and diagnosis - Overall appraisal of the patient - Medical history - Dental history - Photographic documentation - Clinical Examination - Probing force and angulation - Periodontal examination - Radiographic	Periodontology	power point	quiz
9, 10	4	Periodontal examination and diagnosis - Overall appraisal of the patient - Medical history - Dental history - Photographic documentation - Clinical Examination - Probing force and angulation - Periodontal examination - Radiographic	Periodontology	power point	quiz

11	2	<p>Periodontal examination and diagnosis</p> <ul style="list-style-type: none"> - Overall appraisal of the patient - Medical history - Dental history - Photographic documentation - Clinical Examination - Probing force and angulation - Periodontal examination - Radiographic 	Periodontology	power point	quiz
